

Registrations

1. This event is open to all the students of the DSCE campus, irrespective of their department and semester.
2. This is not a team event and requires individual participation.
3. Prior registration needs to be done through the form link circulated.
4. The College ID Card is mandatory.

During The Event

5. The offline presence of the participants is required.
6. All Students are expected to reach the venue at the reporting time shared by the organising team.
7. The duration of the coding contest is 60 minutes.
8. The contest will consist of 3 coding questions related to Data Structures and Algorithms.
9. No extra time will be provided to any participant.

Judging Criteria

10. The maximum score is 100.
11. Points are allotted for every test case. Some test cases may carry more points than others.
12. The final ranking will be based on the total points scored by the individual.
13. In the case of two participants scoring the same points, the time taken by each participant will be considered for deciding the rank.
14. Decisions made by the organizers will be final.
15. The participants with the highest and the second-highest total scores will be declared the winners and runners, respectively.

General Guidelines

16. Plagiarism would lead to straight disqualification.
17. Switching tabs or windows during the test is not allowed.
18. Any kind of malpractice will lead to disqualification.
19. No penalty for multiple submissions.
20. The contest organizers reserve the right to change the rules at any time.
21. By participating in the contest, contestants agree to abide by these rules and any additional instructions provided by the contest organizers.
